

Todd Arnold
Media and Entertainment
Spectra Logic

Speaker Bio:

Todd Arnold has more than 25 years of experience in film, media, and sports entertainment.

As a veteran of the media and entertainment industry and skilled master over B2B sales and client success, he brings his experience from transforming a film services company into an international and cutting-edge leader, which included leading a team of engineers who design a motion picture densitometer that won an AMPAS Academy Award (Oscar) for scientific and technical achievement.
